Date of implementation: 1 August 2017
Date of update: 8 November 2018

This guidance will be reviewed periodically to ensure it remains relevant and reflects changing legislation and organisational requirements.

Document owner: Lisa Courtney, Staff Immigration and Compliance Officer
1. Introduction

If you’re a new or current international member of staff who needs help to cover the cost of applications to enter and work in the UK for you and your dependents, we might be able to help with an interest free loan once you start work.

2. Am I eligible?

If you’re applying or have applied for a Tier 1 (Exceptional Talent/Promise) visa including extension, a Tier 2 (General) visa including extension, Indefinite Leave to Remain (ILR) or British citizenship, you’ll need to:

- have a contract of employment with the University that’s expected to last at least 12 months at the time of application; and
- have, or be applying for, one of the above types of leave to remain in the UK for your dependants; or
- be applying for British citizenship for you and your dependants.

If you’re applying or have applied for pre-settled or settled status under the EU settlement scheme, you’ll need to:

- have a contract of employment with the University that’s expected to last at least 3 months at the time of application; and
- have, or be applying for, pre-settled or settled status for your dependants.

1 If you have a fixed term or open ended (fixed funded) contract which has less than 12 months to run, you might also be eligible for a loan. We’ll consider such applications on a case by case basis. Please speak to your Faculty/Service HR hub for more information.

2 The cost of your own application may be reimbursed under our Immigration Reimbursement Scheme.

3. What does the loan cover?

You can use the loan to help with:

- Dependant EU Settlement Scheme fees;
- UK Visas and Immigration (UKVI) fees for your Tier 1, Tier 2 and ILR dependants;
- National Health Service (NHS) healthcare surcharge for you and your dependant(s);
- UK legal fees for advice on immigration; and
- UK National Academic Recognition Information Centre (UK NARIC) service fees.

4. How much can I borrow?

You can apply for any amount up to £5,000 to cover all or part of the fees you’ve paid, or are due to pay, though you should only apply for the money you need to cover or contribute to your costs as outlined above.
If you’ve already borrowed some money from us and need a bit more to cover the costs above, even if you’re still paying back the initial loan, we might be able to offer you a new interest free loan. Contact your Faculty/Service HR hub to see if you’re eligible.

5. How do I apply?

You’ll need to complete the application form and send it to your Faculty/Service HR hub. HR will let you know within two weeks whether your application has been successful and will confirm the duration of the loan and the date you’ll start repaying it.

We’ll need evidence of the payments you’ve made, so please send your receipts to International Team, Human Resources, Room 11.11 EC Stoner Building.

6. How will I receive the money?

We’ll process the loan with your monthly pay, so you’ll receive it as a lump sum either with your next salary payment or the one after (depending on when you apply).

7. How do I pay back the loan?

We’ll take an amount out of your salary every month before it’s paid into your bank account. This will be normally be spread equally over 12 months and you’ll usually start repaying the loan in the same month it’s paid to you.

At the discretion of the University, and depending on the amount of the loan, we might be able to extend the repayment period to up to 24 months.

If you have a fixed term or open-ended (fixed funded) contract, you’ll need to repay the loan before the end of your contract. Particularly if less than 12 months of your contract is left, you should think carefully about whether you can afford the repayments before applying.

If you decide to repay all or part of the loan early, please contact internationalhr@leeds.ac.uk to arrange this.

8. What happens if I stop working at the University?

If you leave the University’s employment, for whatever reason, before the end of the agreed loan term, you’ll need to repay the balance of the loan in full. The University reserves the right to recover the balance from your remaining salary payment(s) and/or from any other payments due to you.

If the amount we take doesn’t cover the outstanding balance, you’ll need to repay the outstanding amount within 30 days of written confirmation from the University. If you don’t pay within 30 days, the University may start charging interest on the outstanding balance.
